Professional Summary

Aspiring Web Developer & Fast Learner CS student with a strong foundation in web development and digital tools. Quick to master new systems, having recently built applications using Flutter, PHP, and Oracle DB. Committed to professional growth opportunities offering reliability and a dedication to meeting strict project milestones.

Education

Ateneo de Naga University — Naga City, PH
Bachelor of Science in Computer Science — *Aug. 2024 – Present*

- First Year General GPA: **3.62**

Naga Hope Christian School — Naga City, PH
STEM Strand | Academic Award with High Honors — *2022 – 2024*

Technical Skills

Languages: C++, Python, Dart (Flutter), PHP, JavaScript, HTML, CSS, SQL
Frameworks & Tools: Git/GitHub, Figma, Canva
Databases: MySQL, Oracle Database 21c
Productivity: Microsoft Office, Google Workspace

Projects

Patabang App | *Figma* — Oct. 2025

- Co-developed a community-driven incident reporting web app for the **SparkLab Hackathon 2025**.
- Planned and designed a user-centric UI/UX in Figma that manages emergency assistance requests and utilizes the Gemini API for intelligent incident analysis and response prioritization.

Tkinter Calorie Tracker App | *Python, CustomTkinter, MySQL* — Dec. 2025

- Built a desktop application featuring data persistence and **OOP** design for modularity.
- Implemented SQL queries to track and visualize daily caloric intake.

PPL Paws & Tails Veterinary Clinic Management System | *PHP, Oracle DB 21c* — Dec. 2025

- Designed a web-based Management Information System Prototype to streamline pet vaccination tracking.
- Structured relational database schemas to ensure data integrity for clinic operations.

Beadle's++ | *Flutter, Dart* — May 2025

- Engineered a mobile UI/UX prototype to modernize manual attendance tracking at Ateneo de Naga.

Leadership & Involvement

Creatives Committee Volunteer — Aug. 2024 – 2026
The Ateneo Consortium of Technological, Information, and Computing Sciences — *Ateneo de Naga University*

Professional Development

Ateneo Computer Programming Competition 2025 – Ateneo de Naga University — Dec. 2025

SparkLab Hackathon 2025 – Ateneo de Naga University — Oct. 2025

BYTE 2025: Bicol Youth for Technology Expo – Summit Hotel Naga — Oct. 2025

PYCON Asia Pacific 2025 – Ateneo de Manila University — Mar. 2025
